

SWEDEN

These lists include services within Sweden. Some excursion vessels operate only during the main holiday season which is from midsummer to mid-August. A guide to the services of the Stockholm archipelago, 'Skärgårdsboken', is published every summer and is on sale in Stockholm. In the Swedish alphabet, the letters "Å", "Ä" and "Ö" come after "Z", and this arrangement is used in this list. All ships listed are of Swedish registry.
