

FINLAND

This list includes services within Finland. In addition to an irregular coastline, Finland has chains of lakes which have shipping services during the short warm summer; the waters are ice-bound for much of the year. As in Sweden, several services are maintained by veteran steamships. In the Finnish and Swedish alphabets, the letters "Å", "Ä" and "Ö" come after "Z", and this arrangement is used in this list. All vessels listed are of Finnish registry.
