

SWEDEN

These lists include services within Sweden. Some excursion vessels operate only during the main holiday season which is from midsummer to mid-August. A guide to the services of the Stockholm archipelago, 'Skärgårdsboken', is published every summer and is on sale in Stockholm. In the Swedish alphabet, the letters "Å", "Ä" and "Ö" come after "Z", and this arrangement is used in this list. A key to this list is on page 18.

Within each section, operators are listed in alphabetic order. For each operator, the following information is given:

Title - This is the name by which the firm is usually identified and is not necessarily the full legal name or the registered owner of a vessel. A glossary of Swedish words used in company names is below.

Name of vessel - If the vessel's name has changed since the 2016 'Trip Out' guides, the previous name is given; other former names are not listed.

Nationality of vessel - All vessels listed are of Swedish registry.

Particulars of vessel - Year of completion, "gt" or gross tonnage, overall length in metres, and maximum passenger capacity.

Type of vessel - the following codes are used:

C - car ferry,
 m - catamaran or trimaran,
 > - high speed craft,
 ● - steam-engined,
 +● - steam and diesel engines,
 ▲ - auxiliary sailing vessel,
 e - electric.

(All other vessels have diesel engines).

Services - Dates are inclusive: thus, "May - Aug" means from the beginning of May to the end of August.

Unless stated otherwise, cruises and excursions run in summer only, but charter trips are available all year.
