Operators are listed in alphabetic order. For each operator, the following information is given:

**Title** - This is the name by which the firm is usually identified and is not necessarily the full legal name or the registered owner of a vessel. A glossary of Estonian words used in company names is below.

**Name of vessel** - If the vessel's name has changed since the 2016 'Trip Out' guides, the previous name is given; other former names are not listed.

**Nationality of vessel** - All vessels listed are of Estonian registry.

**Particulars of vessel** - Year of completion, "gt" or gross tonnage, overall length in metres, and maximum passenger capacity.

**Type of vessel** - the following codes are used:  
C - car ferry,  
m - catamaran or trimaran.

**Services**- Dates are inclusive: thus, "May - Aug" means from the beginning of May to the end of August. Unless stated otherwise, cruises and excursions run in summer only, but charter trips are available all year.
